Appl. No. 10/539,085  
July 6, 2005

**AMENDMENTS TO THE DRAWINGS**

Attached are two sheets of formal drawing depicting Figures 1-5.

**REMARKS/ARGUMENTS**

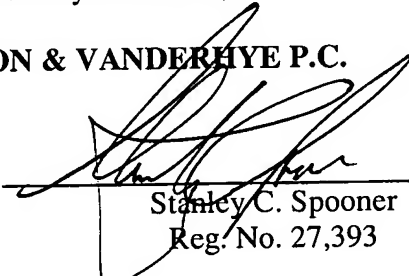

Applicant amends the specification to add drawings and a description of the drawings which illustrates the subject matter claimed in the originally submitted claims (pursuant to Rule 83). However, no new matter has been added in that the details of the Figures 1-4 are contained in the originally submitted claims and specification. The subject matter of Figure 5 is disclosed in the specification's incorporation of the WO99/46768 as published on September 16, 1999. This is clearly known prior art which was in the public domain and merely discloses known portions of the claimed invention and was recited in the originally submitted specification. Entry of the preliminary amendment is requested.

An early and favorable action on the merits of the claimed invention is requested.

Respectfully submitted,

**NIXON & VANDERHIE P.C.**
